C8: Item count is getting incremented when the user adds the same item to the basket

Type	Priority	Estimate	References
Functional	High	None	None
Automation Type			
None			

Preconditions

1. The main page is opened (https://)
2. There is one item in the basket *(Note: remember the name of the item)*

Steps

	Step	Expected Result
1	Scroll until the items will be shown	The items are displayed on the page
2	Click on the "Buy" button for the item that is already added to the basket	The page with detailed information about the item is shown
3	Click on the "Buy" button on the product details page	The page with detailed information is hidden. The basket pop-up window is opened. Basket has one entry per product with quantity of same items instead of multiple entries for the same product.
