C9: The website retrains selected items in the basket

Type	Priority	Estimate	References
Functional	High	None	None
Automation Type			
None			

Preconditions

1. The main page is opened (https://)
2. The basket contains at least one item

Steps

	Step	Expected Result
1	Refresh the main page	The site saves the selected items in the shopping cart. The basket floating icon displays in the upper right corner of the page. The label on the floating item contains correct number of products, that were in the basket before the page was refreshed.
